

FRESH FOOD EVENTS

By choosing Fresh Food Events, you choose a business that promises to look after you from our very first meeting.

-  We want to get to know you and deliver beyond your expectations
-  No pre-defined packages. We'll build your menu together
-  It's not just the food, it's the service too
-  We're a family business and care passionately about the service we deliver. It's the Fresh Food Events way!

What have other couples said?

Beth and Chris
17th August 2019

Lesley and Graham catered for our wedding and we could not recommend them enough. Everything from initial contact to the delivery of delicious and superbly presented food on the day was truly faultless.

The service they offer is completely different to all the other caterers I contacted in the South Wales area, they allow you to have exactly what menu you would like and do not try to fit you in to 'Menu A, B or C' scenario. This also allowed us to tailor the menu to suit our budget

Graham was a fantastic MC on the day and organised the day seamlessly.

All their staff were wonderfully presented and very polite.

One of our guests commented that the meal that they had was simply far too good to be wedding food and they delivered this exceptional standard to 80 day guests and then a wonderful pael-la to 150 evening guests.

Thank you so much both 💕

Zoe and Stuart
3rd May 2019

We cannot thank Fresh Food Events enough for catering our wedding! The food that Lesley and her team produced was impeccable, and we had nothing but compliments, especially the chocolate brownie! (WOW!)

As for Graham, you will not find a more professional and caring MC. He looked after us both throughout our entire day making sure that we had nothing to worry about. Couple them both together and your left with one dynamic dream team.

We couldn't have wished for better caterers for our day, and Fresh Food Events made ours extra special!
